

GBI'S GREEN GLOBES & GUIDING PRINCIPLES COMPLIANCE FOR FEDERAL BUILDINGS

Green Building Initiative (GBI) offers multiple certification and verification pathways for federal projects. Each allow project teams to meet requirements with minimal disruption to the agency's mission and improve the health, resilience, and sustainability of federally owned buildings.

Green Globes is a comprehensive, science-based certification system, adaptable for all commercial and multifamily buildings.

Benefits:

- Third-Party Assessor
- Detailed Reports
- Interactive online questionnaire
- Flexibility features - pathways, N/A provision, incremental recognition
- Onsite Assessment

Guiding Principles Compliance is the first third-party assessment system to verify compliance with the federal Guiding Principles.

Benefits:

- Federal & DOD specific protocols
- Third-Party Assessor
- Detailed Reports
- Easy to use Excel-based survey
- Final Assessment Options: Onsite Assessment or Post-Construction Document Review
